NOTICE TO THE MARKET

Equatorial Energia S.A. and **Centrais Elétricas do Pará - CELPA** announce that, as of March 25, 2014, Standard & Poor's Ratings Services (S&P) informed that CELPA's rating outlook was upgraded to 'positive' from 'stable' and the rating was maintained at 'CCC+'.

In its report, S&P informs that the positive outlook on Celpa reflects its expectation that the company will improve its operating performance in the next 12-18 months as it implements the turnaround plan. In addition, it is expected that the company will continue to perform in accordance with its judicial reorganization plan, scheduled to end in the following months after September 2014.

The report also points out that the Celpa's credit profile is considered weak, still presenting energy losses above regulatory levels. In contrast, the change in the Company's management has meant improvement in its quality indicators (DEC and FEC).
