## NOTICE TO THE MARKET

### **ANEEL Approves the Final Results for CEMAR's 3<sup>rd</sup> Periodic Tariff Review**

Equatorial Energia S.A. and Cia. Energética do Maranhão –CEMAR inform the market and the general public that the Agência Nacional de Energia Elétrica (“ANEEL”), at a public Board Meeting held today, approved the final results for CEMAR's 3<sup>rd</sup> Periodic Tariff Review covering the period between August 29, 2013 and August 28, 2017.

The tariff review was calculated at -4.94%, however, considering the financial components in the Company's tariff, the average effect to be perceived by the consumers should be -3.06%.

As per ANEEL's Normative Resolution 549/2013, which grants the pass-through of the CVA expenses for Energy Purchase and ESS with CDE resources whenever their value exceeds 2% of the required revenue calculated in the tariff adjustment / review, CEMAR should receive R\$ 31.9 million related to the Energy Purchase CVA and R\$ 4.4 million related to the ESS CVA.

Additionally, ANEEL established the ex-ante components of CEMAR's X Factor. For the Pd component (related to productivity), the percentage was determined at 1.31%. For the T component (related to the operating costs trajectory), the percentage was determined at 1.45%. To these figures, the Q component (related to quality indicators) should be added or subtracted, and it should be established every year on the tariff adjustments.

Rio de Janeiro, August 27, 2013
