NOTICE TO THE MARKET

Equatorial Energia S.A., Centrais Elétricas do Pará – CELPA e Cia. Energética do Maranhão - CEMAR would like to inform that, on March 18, 2016, ANEEL published in its website the quality ranking for the electric energy distribution companies for the period between January and December, 2015.

The ranking assessed all distribution companies in Brazil and is divided in two groups, according to the size of the company. Among the biggest companies, with a billed annual volume above 1 TWh (terawatt hour), Cemar was the first place. Since 2011, the year in which the ranking was created, Cemar has always been among the top 3 companies.

We would also like to highlight Celpa's evolution, which stood in the 35th and last position in 2012's ranking and, in 2015, improved to the 17th position between the biggest companies.

Rio de Janeiro, March 21, 2016

Eduardo Haiama
CFO and Investor Relations Officer
